Release Bulletin

IKARUS mobile.management - Server

Version 6.15.xx Release date 17.09.2023

Apple Managed Device Attestation

We now support Apple Managed Device Attestation. The result can be seen on the inventory page of the Apple device: 7

Improvement of the Exchange Active Sync (EAS) configuration

The deprecated option "Sync while roaming" has been removed.

A new option "Mail Drop" has been added which allows receiving attached files with bigger file size. Other options have been improved as well.
